### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-4 are allowed over the prior art of record because the prior art of record, considered in combination or individually, fails to teach or suggest an information recording apparatus including a combination of: a unit period signal generator; a memory; a pre-pit signal reproducing circuit; and a phase-locked loop circuit relatively operated as particularly recited in claim 1. Claims 2-4 are allowed with their parent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### CITED REFERENCES

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references relate to a recording apparatus in which data stored in a memory to be recorded on a recording medium is read out based on a clock signal corresponding to pre-pit recorded on the recording medium.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tran, Thang whose telephone number is (703) 308-1551.
